The Collective Investment Schemes (Conduct of Business and Miscellaneous Provisions) Regulations, 2007.

(Under sections 30, 31 and 84 of the Collective Investment Schemes Act 2003, Act No. 4 of 2003)

IN EXERCISE of the powers conferred on the Capital Markets Authority by sections 30, 31 and 84 of the Collective Investment Schemes Act, 2003, these Regulations are made this 29th day of April, 2005.

PART I—PRELIMINARY

1. Title.

These Regulations may be cited as the Collective Investment Schemes (Conduct of Business and Miscellaneous Provisions) Regulations, 2007.

2. Interpretation.

(1) In these Regulations, unless the context otherwise requires—

“accounting reference date” means the date to which a licensed person’s accounts are prepared in order to comply with the Companies Act or, in the case of a licensed person not subject to the Companies Act, the equivalent date selected by the licensed person;

“Act” means the Collective Investment Schemes Act, 2003;

“advertisement” includes every form of advertising, whether in a publication, by the display of notices, signs, labels or show cards, by means of circulars, catalogues, price lists or other documents, by an exhibition of pictures or photographic or cinematographic films, by way of sound broadcasting or

television, by the distribution of recordings by electronic display or distribution, or in any other manner;

Explanation: *See also the following defined terms: CIS investment advertisement, CIS direct offer advertisement, specific CIS advertisement and CIS investment services advertisement.*

“advertiser” means any person by whom an advertisement is issued or caused to be issued, whether or not that person takes direct responsibility for the contents, timing or medium of the advertisement.

“advertising regulations” means regulations 6, 7 and 10;

“ancillary” in relation to an investment, means any right to an interest in that investment which is apportioned to that investment;

“annual accounts” means accounts prepared to comply with the Companies Act or other statutory obligations;

“applicant” means a person who has applied, or is in the course of applying, to the Authority to be a licensed person;

“appointed representative” means a person—

(a) who is employed by a licensed person (his or her “principal”) under a contract for services which requires or permits him or her to carry on investment business; and

(b) for whose activities in carrying on the whole or part of that investment business his or her principal has accepted responsibility in writing;

“approved bank” means an institution which is authorised as a bank under the Financial Institutions Act;

“associate” means—

(a) an undertaking in the same group as that person; and

- (b) an appointed representative of the first person or of any undertaking in the same group; and
- (c) any other person whose business or domestic relationship with the first person or its associate might reasonably be expected to give rise to a community of interest between them which may involve a conflict of interest in dealings with third parties;

“associated business” means business which is carried on in connection with CIS investment business;

“Authority” means the Capital Markets Authority established by the Capital Markets Authority Act;

“Authorised Corporate Director” or “ACD” has the meaning given under section 2 of the Act;

“best execution” in relation to the effecting of a transaction means the effecting of that transaction in compliance with regulation 16;

“body corporate” includes a body corporate constituted under the law of a country or territory outside Uganda;

“Chief Executive” includes any person occupying the position of chief executive or managing director (whether solely or jointly), by whatever name called;

“Chinese Wall” means an arrangement within the organisation of a licensed person or between a licensed person and any associate of that licensed person, which requires information obtained by the licensed person or, as the case may be, associate, in the course of carrying on one part of its business of any kind to be withheld in certain circumstances from persons with whom it deals in the course of carrying on another part of its business of any kind;

“CIS advertisement” means any advertisement inviting anyone to enter or offer to enter into a Collective Investment Scheme Agreement or to exercise any rights conferred by a Collective Investment Scheme Agreement to acquire, dispose of or

convert units or shares in a Collective Investment Scheme or containing information calculated to lead directly or indirectly to anyone doing so;

“CIS advertising code” means the advertising code issued by the Authority under section 34 of the Act and set out in Schedule 2;

“CIS customer” means—

(a) any person to whom the licensed person provides or has provided CIS investment services; or

(b) a customer of an appointed representative of a licensed person with or for whom the representative acts in the course of CIS investment business for which the licensed person has accepted responsibility;

and includes an indirect customer and a potential customer but does not include—

“unit trust scheme” has the meaning given in section 2 of the Act;

“umbrella company” has the meaning given in section 2 of the Act;

“umbrella unit trust scheme” means a Unit Trust Scheme whose trust deed provides for such pooling as is mentioned in section 3(3)(a) of the Act in relation to separate parts of the scheme property and whose unit holders are entitled to exchange rights in one part for rights in another;

“unregulated collective investment scheme” means a collective investment scheme which is not a regulated collective investment scheme;

“valuation point” means a time fixed and disclosed by the operator for the purpose of regular valuation of scheme property;

“waiting period” means the period of twenty eight days within which the Authority may, under regulation 112, inform a member that it has no objection to the occurrence of a clearance event.

(2) Notes contained in these Regulations form part of the Regulations.

(3) Explanations contained in these Regulations do not form part of the Regulations.

PART II—STANDARDS OF CONDUCT

Division A—Fitness and Properness

3. Criteria for judging fitness and properness.

(1) Each licensed person shall recognise that the Authority has a continuing duty to determine whether a licensed person remains a fit and proper person for purposes of carrying on its permitted business.

(2) The Authority shall in determining whether a licensed person is a fit and proper person, take account of whether the licensed person has

observed the principles set out in Schedule 1 in carrying on its permitted business or any other activity that may affect its permitted business.

Note: *The Principles are set out in Schedule 1. Licensed persons should read regulation 3 for a further statement of the effect of the principles on a licensed person's conduct of its permitted business.*

4. Other matters which the Authority may take into account.

The Authority may also take account of any other considerations as the Authority deems fit; including findings or decisions of courts or other bodies.

Division B—Compliance with Regulations and Special Conditions

5. Requirement to comply.

Every licensed person shall comply with—

- (a) these Regulations; and
- (b) any special conditions imposed on or accepted by the licensed person.

PART III—CONDUCT OF BUSINESS.

Division A—Seeking CIS Customers and Advertising for Business

6. Issue and approval of CIS investment advertisements.

(1) Where a licensed person issues or approves a CIS investment advertisement, or causes a CIS investment advertisement or CIS investment services advertisement to be issued or approved, it shall—

- (a) apply the appropriate expertise; and
- (b) be able to show that it believes, on reasonable grounds, that the advertisement is fair and not misleading.

(2) Where a licensed person issues or approves a specific CIS

investment advertisement or CIS investment services advertisement or causes such an advertisement to be issued or approved, it shall ensure that the advertisement identifies it as issuer or approver and also identifies the Authority as its regulator.

Note: *The Advertising code applies, where relevant, to any investment advertisement. The Advertising Code is set out in Schedule 2.*

7. Issue and approval of CIS published recommendations.

Regulation 6 applies to all CIS published recommendations of a collective investment scheme to the same extent as it applies to a CIS investment advertisement.

8. Approval procedure and records.

When issuing or approving a CIS investment advertisement or CIS investment services advertisement or CIS published recommendation, a licensed person shall ensure that—

- (a) it is approved by a specified individual who is responsible for seeing that the CIS advertising rules are, so far as applicable, complied with; and
- (b) records, including the name of the specified individual and the date of approval by him or her, together with a record of the evidence used to support any factual statement relevant to the product or service being advertised or recommended or of how access to such evidence may be obtained, are kept available for inspection by the Authority for not less than three years from the latest date of publication.

9. Submission of CIS investment advertisement or CIS published recommendation to trustee or depositary.

An operator shall send to the trustee or depositary, a copy of the CIS investment advertisement and CIS published recommendation issued by it and approved by the trustee or depositary.

10. Restrictions and content of CIS direct offer advertisements.

A licensed person shall take reasonable steps to ensure that it does not

issue or approve-a-CIS-direct offer advertisement or cause the advertisement to be issued or approved unless the advertisement—

- (a) gives information about the investments or investment services and the risks involved; and
- (b) either contains the prospectus and scheme particulars for the CIS, or gives details of where a copy may be obtained.

11. Prohibitions on inducements.

A licensed person shall take reasonable steps to ensure that neither it nor any of its agents—

- (a) offers or gives; or
- (b) solicits or accepts;

either in the course of regulated business or otherwise, any inducement which is likely to conflict with any duties of the recipient (or the recipient's employer) owed to customers in connection with regulated business.

12. Maintenance of records.

A licensed person shall maintain sufficient records to demonstrate compliance with regulation 11.

Note: *Licensed persons should ensure that commission arrangements which are not disclosable, and any other inducements, are unlikely so to influence the recipients as to cause them to breach any duties which they may have.*

Arrangements for the rebate or discounting of commission will not constitute an inducement where the licensed person can show that the arrangement is in the CIS customer's interest and the amount or basis of the commission rebate or discount is disclosed to that CIS customer.

Each licensed person is responsible for the conduct of its appointed representatives and if any of them breaches these Regulations, the Authority may proceed as if the licensed person had committed the breach.

Division B—Dealing, Managing and Advising

13. Suitability of transactions.

The operator of a collective investment scheme shall take reasonable steps to ensure that transactions are suitable for the scheme, having regard to the stated investment objectives of the scheme.

14. Dealing fairly and in due turn.

An operator shall deal with a CIS customer, a CIS and own account transactions fairly and in due turn.

15. Requirements for timely execution.

(1) Once an operator has agreed or decided, in its discretion, to effect or arrange a current CIS customer order or current CIS order, it shall effect or arrange the execution of the order as soon as reasonably practicable in the circumstances.

(2) This regulation does not preclude an operator from postponing execution of a CIS order where it believes, on reasonable grounds, that the postponement is in the best interests of the CIS customer or CIS.

Note: Best execution applies to dealing in underlying securities.

16. Best execution.

(1) Where an operator deals for a CIS or a CIS customer, it shall provide best execution.

(2) An operator may rely on another person who executes the transaction to provide best execution, but only if it believes, on reasonable grounds, that he or she will do so.

(3) For the purposes of this regulation, an operator provides best execution—

(a) if it takes reasonable care to ascertain the price which is the best available for the CIS or CIS customer in the relevant market at the time for transactions of the kind and size concerned; and

(b) unless the circumstances require it to do otherwise in the

interests of the CIS or CIS customer, it deals at a price which is no less advantageous to it,

and in applying this regulation, an operator shall leave out of account any charges disclosed to the CIS or CIS customer which it or its agent would make.

Note: *Regulation 16 covers an operator selling securities as part of share exchange.*

17. When not to provide best execution.

Subject to regulation 16, there is no obligation to provide best execution in relation to shares or units in a Collective Investment Scheme.

Note: *Regulation 17 applies to dealing in shares or units of a Collective Investment Scheme*

18. Timely allocation of transactions.

An operator shall ensure that a transaction it executes is promptly allocated.

Note: *Regulation 18 applies to dealing in underlying securities.*

Explanation: *Where an operator has dealt collectively for, a collective investment scheme and CIS customers, or for one or more collective investment schemes or CIS customers and itself, or for non CIS customers, in addition to these, allocation of the transaction should be completed as soon as possible after the transaction is effected. Where there is any delay in completing the allocation, particularly where the intended basis of allocation has not been determined in advance of dealing, the reason for the delay should be fully documented.*

19. Recording allocation.

An operator shall make a record of the intended basis of allocation—

(a) when the operator is dealing for one or more CISs or CIS customers, either before or as soon as possible after the transaction is effected; or

(b) when the operator is dealing for one or more CISs or CIS

customers and itself, before the transaction is effected; and that record shall be kept for at least seven years.

20. Re-allocation.

Where an operator discovers an error, either in the intended basis of allocation or in the actual allocation, it may recommence the allocation on a different and correct basis provided that—

- (a) a written record of the reason for re-allocation is made at the time of re-allocation; and
- (b) it complies with all the provisions of regulations 21 and 22, so far as applicable.

Note: *Regulation 20 applies to dealing in underlying securities.*

21. Fair allocation of aggregated orders.

Where an operator has aggregated an order for a CIS or CIS customer transaction with an order for an own account transaction, or with another order for a CIS or non CIS customer transaction, then in the subsequent allocation—

- (a) it shall not give unfair preference to itself or to any of those for whom it dealt; and
- (b) if all cannot be satisfied, it shall give priority to satisfying orders for CIS transactions and CIS customer transactions unless it is satisfied, on reasonable grounds, that without its own participation, it would not have been able to effect those orders either on such favourable terms or at all.

Explanation: *To avoid giving anyone “unfair preference” in allocating aggregated orders, allocations should be made in a manner which—*

- (a) is fair as between the operator and its CIS and CIS customers and among its customers themselves;*
- (b) is reasonable in the interests of all; and*

(c) does not conflict with any relevant CIS customer's instructions or the provisions of a CIS agreement.

22. Price at which allocations are to be effected.

Each aggregated transaction shall be allocated at the price paid per unit allocated, taking into account all relevant fees and commissions.

23. Application of uniform standards.

Each allocation made by an operator shall be made in accordance with standards and procedures which are uniform for all allocations made by the operator.

24. Prohibition of insider dealing.

(1) A licensed person shall not effect, either in Uganda or elsewhere an own account transaction when it knows of circumstances which mean that it, its associate, or an employee of either, is prohibited from effecting that transaction by the statutory restrictions on insider dealing.

(2) A licensed person shall use its best endeavours to ensure that it does not knowingly effect either in the course of regulated business or otherwise a transaction for a customer it knows is so prohibited.

(3) Subregulations (1) and (2) do not apply where—

- (a) the prohibition applies only because of knowledge of the licensed person's own intentions; or
- (b) the licensed person is a recognised market maker with obligations to deal in the investment;
- (c) the licensed person is a trustee or personal representative who acts on the advice of a third party appearing to be an appropriate adviser who is not so prohibited.

Note: *Applies to dealing in underlying securities*

25. Requirement to notify the Authority.

Where an operator has reasonable cause to believe that it has effected a transaction prohibited under regulation 24, it shall inform the Authority immediately.

Division C—Fair and Clear Communication

26. Requirement to ensure fair and clear communication.

(1) An operator may make a communication with another person which is designed to promote the provision of CIS investment services only if it can show that it is satisfied, on reasonable grounds, that the communication is fair and not misleading.

(2) An operator shall take reasonable steps to ensure that any agreement, written communication, notification or information which it gives or sends to an existing or potential CIS customer to whom it provides CIS investment services is presented fairly and clearly.

Reporting Transactions

27. Duty to report.

An operator shall report to the trustee or depositary, in the form and manner prescribed in Schedule 5, details of all transactions effected outside a regulated market.

Note: *Regulation 27 applies to dealing in underlying securities.*

28. Form and content of reports.

The report required by regulation 27 shall include the following details—

- (a) the particulars of the parties to the transaction;
- (b) the identity of the relevant investment, and the number of securities or other assets bought or sold;
- (c) the date and time of the transaction;
- (d) the price paid or received; and
- (e) any other information relating to the transaction.

29. Time limits for reporting.

The report required by regulation 27 shall be made no later than the end of the business day following the day on which the transaction is effected.

30. Other reporting requirements.

An operator shall comply with any obligation it may have to report

transactions under the rules of a regulated market.

31. Providing essential details of transactions.

(1) A depositary or trustee which effects a sale or purchase of an investment for a Collective Investment Scheme must ensure that the operator of that collective investment scheme is sent, with due despatch, a note containing the essential details of the transaction.

(2) An operator which effects a sale or purchase of collective investment scheme units or shares on behalf of a CIS customer must ensure that that customer is sent, with due despatch, a note containing the essential details of the transaction.

(3) An operator which decides in its discretion to effect or arrange a CIS order must ensure that the depositary or trustee of that Collective Investment Scheme is sent, with due despatch, a note containing the essential details of the transaction.

(4) The contract note shall take the form stipulated in Schedule 6.

Note: Regulation 31 applies to both dealing in shares or units and underlying securities.

Division D—CIS Customer Money

32. Duty to obey CIS customer money regulations.

A trustee or depositary shall comply with the requirements of this Division and regulations 63 to 68.

33. CIS customer money.

A trustee or depositary who holds CIS customer money shall ensure that the money is paid immediately into either a current or deposit account with an approved bank which is in the name of the trustee or depositary as trustee or depositary of the CIS and its title sufficiently distinguishes it from any other account held by the operator of the scheme.

34. CIS customer money bank.

An operator may not hold CIS customer money with an approved bank which is an associate of the operator.

Division E—Anti-Money Laundering

35. Compliance with relevant legislation.

A licensed person shall comply with any relevant legislation relating to anti-money laundering to the extent applicable to that licensed person.

Division F—Management of Collective Investment Schemes

36. Material interests and conflicts of interest.

Where a licensed person has a material interest in a transaction to be entered into with or for a CIS or CIS customer, or a relationship which gives rise to a conflict of interest relating to that transaction, the licensed person shall not knowingly either advise, or deal in the exercise of discretion, in relation to that transaction, unless it takes reasonable steps to ensure fair treatment for the CIS or CIS customer.

37. Fair treatment.

When taking reasonable steps to ensure fair treatment for the CIS customer, an operator of a Collective Investment Scheme who has a material interest or conflict of interest relating to a transaction for the scheme, shall satisfy itself that the transaction is not precluded by law or, where applicable, by the Collective Investment Schemes (Unit Trusts) Regulations, 2003, the Collective Investment Schemes (Open Ended Investment Companies) Regulations, 2003 or by the Scheme Documents, and that—

- (a) the scheme documents expressly permit such transactions to be effected despite the existence of a material interest or conflict; or
- (b) the operator has fairly disclosed the potential interest or conflict in the initial prospectus or scheme particulars, or in its most recent report to the participants or to the trustee or depository of the scheme not more than 12 months before the date of the transaction; or
- (c) where such disclosure was impracticable, the operator, in effecting the transaction, disregards the interest or conflict so that any disadvantage to the scheme is avoided, or eliminates

the interest or conflict.

Significant Influence Over Company Management

38. Acquisition of securities carrying voting rights.

The operator of a licensed scheme may not acquire or cause to be acquired for the scheme, the securities of any body corporate if they carry voting rights which, taken together with those of any such securities which the operator already holds for that scheme or for other regulated Collective Investment Schemes, would give the operator power significantly to influence the conduct of business of that body corporate.

39. Operator to reduce influence.

(1) Where the operator acquires the power significantly to influence the conduct of business of a body corporate in circumstances or for reasons beyond its control, it shall take steps to reduce that power below the significant level by disposing of securities as soon as reasonably practicable having regard to the interests of present and future participants in the scheme or schemes concerned, and in any case within six months of becoming aware that it has acquired that power.

(2) Where an operator acquires the power significantly to influence the conduct of a body corporate in consequence of its own decision, it shall take immediate steps to dispose of securities to reduce the power below the significant level, and if that action results in a loss being sustained by a scheme, the operator shall, from its own resources, compensate the scheme with cash.

40. Definition of significant influence.

For the purposes of regulations 38 and 39, a power significantly to influence the conduct of business of a body corporate arises if the operator exercises or controls the exercise of 15% or more of the votes eligible to be cast at a general meeting of that body corporate, disregarding, for this purpose, any temporary suspension of voting rights in respect of the securities of that body corporate.

Pricing Controls

41. Application of regulations.

(1) Regulations 42 to 56 apply to operators.

(2) Regulations 55 and 57 apply to depositaries and trustees.

Note: *Regulation 47 provides details of the types of checks and standards of control which an operator and the depositary or trustee shall have in place for the valuation of the scheme property and pricing of shares or units.*

It also details the type of control regime the Authority considers that an operator shall employ to satisfy its obligations in connection with the pricing of shares or units in schemes under its control.

Evidence of persistent or repetitive errors, or errors consistently in an operator's favour, is likely to make it more difficult for an operator to demonstrate it meets the standards in this regulation.

An operator should determine its method for valuing the scheme property and apply it on a consistent basis.

42. Source of share prices and currency rates.

(1) Share prices and currency rates used by an operator shall be up to date and from a reputable source.

(2) It is not necessary to carry out significant substantive checking, but the reliability of the source of prices and rates shall be kept under regular review and doubtful prices or rates shall be followed up.

43. Valuation agents.

(1) The use by an operator of a third party to carry out the valuation function amounts to delegation.

(2) Where the pricing function is delegated or when assistance is obtained, the operator shall satisfy itself that the valuation agent's system is robust and will produce accurate results.

(3) An operator shall keep the valuation agent's controls and procedures under review; the review shall ensure that changes to

controls and procedures, including a series of minor changes, do not have a significant adverse effect on the accuracy of the system.

(4) An operator shall review the outputs from the system regularly, and any significant system change.

(5) Where the valuation agent is also responsible for calculating dealing prices of units or shares, an operator shall regularly review this system.

44. Reconciliation.

(1) Unless the valuation and record keeping systems are integrated, the valuation output shall be agreed with an operator's records of the scheme at each valuation point.

(2) An operator's records, including those relating to debtors and creditors, shall be agreed with the depository's or trustee's records of stocks and both capital and income cash on at least a calendar month basis between the operator and trustee or depository; reconciling items shall be followed up promptly, and debtors reviewed for recoverability.

45. Inclusion of investment transactions in valuations.

(1) Systems shall be in place by which all investment transactions are confirmed as quickly as possible in writing or by electronic means to an operator or to a valuation agent.

(2) All deals to which the licensed scheme is committed, which have been notified not less than one hour before a valuation, shall be included in that valuation, at estimated prices if necessary.

(3) Except where there is likely to be significant movement in the price of a unit, it is more important that an accurate cut-off procedure is in place to ensure that omissions or duplications do not take place, than it is to ensure that estimates are included in a valuation.

46. Prices obtained otherwise than from the main pricing source.

(1) Where prices are obtained otherwise than from the main pricing source (for example unquoted, suspended, or illiquid stocks), an operator shall maintain a record of the source and basis for the value placed on

the investment.

(2) The methodology, procedure and controls for the valuation of those investments shall be regularly reviewed to ensure that the valuations are fair and reasonable in the circumstances.

(3) Where no price is available from a main pricing source, valuation of equities shall be at cost of acquisition unless—

- (a) the liquidation value per share of the company at the last balance sheet date, after it has been discounted by 20%, is higher than the cost, in which the discounted liquidation value shall be used;
- (b) the actual liquidation value is lower than cost in which case the actual liquidation value shall be used after it has been discounted by 20%;
- (c) there has been a publicly disclosed transaction in which more than 10% of the issued capital has changed hands at a price, which, discounted by 10%, is higher than cost or at the actual price of the transaction where it is lower than cost, in which case the discounted transaction price shall be used;
- (d) the company has issued new shares at a price which, when discounted by 10%, is higher than cost in which case the discounted new issue share price shall be used or when the actual price of the issue is lower than cost, in which case this lower price shall be used.

(4) For debt instruments where no price is available from a main pricing source, short term debt instruments, that is, those with a maturity of under 365 days at the valuation point, shall be valued at cost (including accrued interest until the beginning of the day) plus the difference between the redemption value (inclusive of interest) and cost spread uniformly over the remaining maturity period of the instrument.

(5) For debt instruments where no price is available from a main pricing source, longer term debt instruments, that is, those with a maturity of over 365 days at the valuation point, shall be valued on the basis of applying the redemption yield according to the maturity of that

particular bond.

47. Investment and borrowing procedures.

Licensed persons shall have in place procedures to monitor the applicable rules and regulations on investment and borrowing procedures and should breaches occur, to ensure they are rectified promptly.

48. Unapproved securities.

To assist with the identification of the level of investment in securities that are not approved securities, the operator shall notify the depositary or trustee of any trade in unapproved securities by no later than the close of business following the date of the transaction.

49. Dividends, interest and expenses.

(1) A system shall be in place to ensure that dividends are accounted for as soon as stocks are quoted ex-dividend, unless it is prudent to account for them only on receipt.

(2) Fixed interest dividends and interest shall be accrued at each valuation point unless the level of materiality makes a longer interval appropriate.

(3) Expenses of a licensed scheme must be accrued unless the level of materiality makes a longer interval appropriate.

50. Tax positions relevant to a licensed scheme.

(1) The full tax position of a licensed scheme shall be reviewed regularly, including the basis for the current tax charge, the assumptions being used, and the tax rate applicable.

(2) Adjustments shall be made for substantive changes; for example alterations to the tax profile or likely tax charge when they occur.

51. Valuation limits.

(1) An operator shall fix a percentage or absolute limit for certain key elements of the valuation referred to in subregulation (2), so that any movement outside the limits is investigated and the investigation and its outcome shall be evidenced and retained by the operator.

- (2) The key elements, where relevant, include—
 - (a) the movement of the prices and values of individual stocks;
 - (b) changes in currency rates; and
 - (c) accrual figures for income, expenses, and tax.

(3) Prices which appear not to have changed after a fixed period of time should be investigated, since this may be the result of a price movement having been missed.

52. Cash.

Cash shall be reconciled to the bank account regularly, with outstanding items promptly followed up and a full reconciliation should be sent to the depository or trustee at a frequency agreed with the depository or trustee.

53. Recording of CIS shares or units in issue.

Controls shall be put in place to ensure that the correct number of units or shares in issue is recorded at each valuation point and this shall be reconciled with the register of unit holders or shareholders, on at least a calendar monthly basis.

54. Verification by investment adviser of assets of licensed scheme.

(1) Where an investment adviser is appointed to a licensed scheme, a copy of the valuation used by the investment adviser to produce the price of the units should be sent to the operator at least weekly, which the operator must check.

(2) When the scheme's valuation point is less frequent than weekly, a copy of the valuation used shall be sent to the operator as soon as practicable after the valuation point.

55. Review by depository or trustee of operator's controls and systems.

(1) The depository or trustee shall thoroughly review an operator's controls and systems to confirm that they are satisfactory.

(2) The review shall be carried out—

- (a) at the start of a depository's or trustees' appointment;

- (b) thereafter, on a frequency dependent on the risk profile of the licensed scheme;
- (c) when major changes are made by an operator to its systems; and
- (d) when necessary, to ensure that a series of minor changes do not have a significant adverse effect on the integrity of the systems.

(3) A review shall be carried out more frequently where a depositary or trustee knows or suspects that an operator's controls and systems are weak or are otherwise unsatisfactory: in particular, the prices of unapproved securities and, where noted, the basis for their calculation shall be subjected to frequent verification and an examination of the sources of the prices of those securities shall be carried out.

(4) Additionally, a depositary or trustee shall, from time to time, review other aspects of the valuation of the scheme property of each licensed scheme for which it is responsible, verifying, on a sample basis, if necessary, the assets, liabilities, accruals, units issued, securities prices and any other relevant matters.

(5) The depositary's or trustee's review shall include any analysis of the controls in place to determine the extent to which reliance can be placed on them.

(6) A depositary or trustee shall ensure that any issues, which are identified in a review, are properly followed up and resolved.

(7) Where an operator's systems are manual, or have been installed or amended recently and are therefore unproven, the level of checking will need to be increased accordingly: this will also be necessary where a number of instances of incorrect pricing have previously been identified.

Explanation: *Regulation 61 provides details of the types of checks a depositary or trustee must carry out to be satisfied that the operator adopts controls and systems which are appropriate to ensure that prices of units are calculated correctly, and to ensure that the likelihood of incorrect prices will be minimised. These checks also apply where an operator has delegated all or some of its pricing functions to a third party.*

56. Recording and reporting by operator.

An operator shall record each instance where the last whole figure in shillings of a price of a unit or share is incorrect, and, as soon as the error is discovered, report the fact to the depositary or trustee, together with details of the action taken, or to be taken, to avoid repetition.

Explanation: *The purpose of this regulation is that the operator should take account only of a rounded price in shillings, ignoring any fractions.*

57. Reporting by depositary or trustee.

(1) The depositary or trustee shall report any instances of incorrect pricing immediately upon receipt of notice from the operator and in doing so state as well as the amount of the error in terms of percentage of the price per unit or share—

- (a) whether an operator has followed the pricing controls set out in regulations 42 to 54;
- (b) the significance of any breakdown in management controls or other checking procedures;
- (c) the significance of any failure of systems, including situations where inadequate back-up arrangements exist; and
- (d) the duration of an error (the longer error persists, the more likely that it will have a material effect on price).

(2) The depositary or trustee shall also report to the Authority, immediately, any instance of incorrect pricing where the error is greater than 1% of the price of a unit share where the depositary or trustee believes that reimbursement or payment is inappropriate and should not be paid by an operator

(3) Where a pricing error is less than 1%, the depositary or trustee may agree that there is no need to compensate either the licensed scheme or the CIS customer of that scheme, if the depositary or trustee is satisfied that the operator has followed the pricing controls specified in these Regulations and in this event, the depositary or trustee shall make and retain records of that decision.

58. Application of regulations.

(1) The regulations in this Division apply to a licensed person only in relation to those depositary and trustee activities provided to schemes under the Act and to which the regulations apply.

(2) In undertaking an activity referred to in subregulation (1) a depositary or trustee is subject to the provisions of this Division whether it undertakes the depositary and trustee activities regularly, or on an isolated occasion and it shall comply with all the other provisions of these Regulations.

Note: *The licensed person should note from regulation 58 that the regulatory regime reflected in Division G applies to a depositary or trustee only in relation to its “depositary and trustee activity”, which is any activity undertaken in the course of or incidental to the exercise of any of its powers, or the performance of any of its duties, when acting in its capacity as a depositary or trustee.*

59. Exception to regulation 58.

A depositary or trustee will not be taken to have breached the regulations applying to it if it contravenes them as a result of a legal duty.

60. Use of Permitted Third Party (PTP).

A depositary or trustee may use the services of a PTP only if—

- (a) the depositary or trustee has notified the Authority of its intention to use such services, either generally or in relation to specific activities constituting investment business;
- (b) the depositary or trustee reasonably believes that the PTP is suitable to perform for the depositary or trustee the investment activity in question;
- (c) the use of such services is authorised, whether under the express terms of the instrument governing the scheme or otherwise, and is not prohibited by any applicable law;
- (d) the use of such services is reasonable in the circumstances and, in a

case where the PTP is managing investments, the depositary or trustee exercises reasonable supervision over that activity;

- (e) the depositary or trustee supplies to the PTP all information believed by the depositary or trustee to be material and any other relevant information reasonably requested by the PTP; and
- (f) where a complaint about an activity being carried on by a PTP for a depositary or trustee is referred to the depositary or trustee by a CIS customer of a CIS to which the depositary or trustee is a depositary or trustee, the depositary or trustee promptly considers whether, consistently with its duties as such depositary or trustee, it should pursue the complaint against the PTP and, if it so concludes, promptly pursues the complaint accordingly.

61. Depositaries or trustees of licensed collective investment schemes.

(1) In relation to its activities as depositary or trustee of a licensed scheme, a depositary or trustee shall be treated as having contravened these Regulations if it contravenes any of the applicable requirements of the Collective Investment Schemes (Unit Trust) Regulations, 2003 and the Collective Investment Schemes (Open-Ended Investment Company) Regulations, 2003 and any other regulations under the Act applicable to the conduct of CIS trustee or depositary business.

(2) The depositary or trustee of a licensed scheme shall report immediately in writing to the Authority, any facts which come to the knowledge of the depositary or trustee of the licensed scheme from which it appears, or might appear, that the operator of the scheme has failed materially—

- (a) to give correct instructions to the depositary or trustee to create or cancel shares or units in the scheme when the operator should have done so;
- (b) to price units in the scheme in accordance with the Collective Investment Schemes (Unit Trust) Regulations, 2003 and the Collective Investment Schemes (Open-Ended Investment Company) Regulations, 2003; or

- (c) to ensure that any CIS related investment advertisement issued or approved by the operator complies with the CIS advertising rules.

(3) The depository or trustee of a licensed scheme shall submit to the Authority, every three months, a written return (to be received by the Authority not later than one month after the end of that period) stating, by reference to the operator of each licensed scheme in respect of which the licensed person is a depository or trustee, the number of times during the period covered by the return in which facts came to the licensed person's knowledge from which it appeared or might have appeared that the operator had failed, materially or otherwise in the manner set out in subregulation (2), except where the failure was an isolated incident.

Compliance, Reporting and Records

62. Maintenance of records.

A depository or trustee shall maintain all appropriate records to enable it to report to the Authority, in whatever manner prescribed, covering its own licensed activities and those of operators for whom it acts in this respect.

63. Notification to approved bank.

(1) When a depository or trustee opens a CIS bank account, the depository or trustee shall give or have given written notice to the approved bank requiring the bank to acknowledge to it in writing—

- (a) that all money standing to the credit of the account is held by the depository or trustee as trustee and that the bank is not entitled to combine the account with any other account or to exercise any right of set-off or counterclaim against money in that account in respect of any sum owed to it on any other account of the depository or trustee;
- (b) that interest earned on the account shall be credited to the account, or to an account of that type; and
- (c) that the title of the account sufficiently distinguishes the account from any account containing money that belongs to the depository or trustee, to other collective investment schemes to which the depository or trustee provides services or to the

operator, and is in the form requested by the depositary or trustee.

(2) In the case of a CIS bank account in Uganda, if the Approved Bank does not provide the acknowledgement referred to in subregulation (1) within twenty business days of the despatch of the notice by the depositary or trustee, the depositary or trustee shall—

- (a) withdraw all money standing to the credit of the account; and
- (b) close that account, and deposit the money in a customer bank account with another approved bank.

(3) A depositary or trustee shall not commence business as a depositary or trustee of a collective investment scheme unless it has opened a CIS bank account for each of the collective investment schemes it services; and which complies with the provisions of this regulation.

64. Post-dated cheque.

Where a depositary or trustee receives CIS customer money in the form of a post-dated cheque it shall—

- (a) record, within one business day of receipt of the cheque, the date of receipt, the customer's name and (if different) the name of the person on whose account the cheque is drawn, the date on the cheque and the amount of the cheque; and
- (b) ensure that the cheque is kept safely until it is properly banked; and
- (c) on the due date the cheque is paid into the CIS bank account as required by these Regulations.

65. Discharge of fiduciary duty.

(1) Money ceases to be CIS customer money if it is paid—

- (a) to the customer;
- (b) to a third party on the instruction of the customer;
- (c) into a bank account in the name of the customer (not being an

account which is also in the name of the operator); or

(d) to the operator or depositary or trustee itself where it may be so paid under these Regulations.

(2) Where a depositary or trustee draws a cheque or other payable order to discharge its fiduciary duty under subregulation (1), it must dispatch that cheque or order to the CIS customer, or to another party permitted by subregulation (1)(b), within one business day of the cheque or order being drawn.

(3) Where a depositary or trustee makes a payment to a CIS customer, or to a third party on the instructions of the CIS customer, from an account other than a CIS bank account, the sum of money in the CIS bank account equivalent to the amount of that payment will not become due and payable to the depositary or trustee until the customer or other party has received that payment in cleared funds, since only then will the depositary or trustee obligations have been performed.

66. Payment of money into CIS customer bank account on instruction of Authority.

Where, pursuant to an instruction lawfully given by the Authority, an operator or depositary or trustee pays its own money into a CIS bank account, such money must be treated as CIS customer money for the purposes of these Regulations.

67. Segregation of CIS customer money.

(1) Where a depositary or trustee holds CIS customer money, it shall ensure that, except to the extent permitted in subregulation (2), the money remains separate from the operator's own money and from that of other CIS and other clients to which it provides services.

(2) The only money other than CIS customer money which may be in a CIS bank account is—

(a) a minimum sum required to open the account or keep it in being;
and

(b) interest credited to the account which exceeds the amount due to CIS customers as interest and has not yet been withdrawn

by the depositary or trustee.

68. Reconciliation.

(1) The operator, depositary or trustee shall reconcile any CIS customer money accounts once in every twenty-eight days.

(2) The operator, depositary or trustee shall have a time limit of ten days to carry out the reconciliation after the twenty-eight days.

(3) Any failure to reconcile CIS customer money accounts shall be reported immediately to the Authority after the expiry of the ten days.

69. Scheme money to be held with approved bank.

(1) Where a depositary or trustee holds scheme money, it shall ensure that the money is held in a separately designated bank account with an approved bank, but this requirement does not apply to a depositary or trustee which is a bank and holds scheme money in a designated bank account with itself.

(2) A separate scheme money bank account shall be held for each scheme for which the depositary or trustee acts in this capacity.

70. Segregation of scheme money.

(1) Where a depositary or trustee holds scheme money, it shall ensure that, except to the extent permitted or provided for in regulation 71, the money remains separate from its own money, that of other CIS that it services, other clients, and the operator's money.

(2) The only money other than scheme money which may be held in a scheme money bank account is—

(a) a minimum sum required to open the account or keep it in being;
and

(b) any money temporarily in the account under regulation 71(3).

71. Payment of scheme money into scheme money bank account.

(1) Where a depositary or trustee begins to hold scheme money, it shall either—

(a) pay it, as soon as possible, (and, in any event, no later than the

next business day after so beginning) into the relevant scheme money bank account; or

- (b) pay it out, or pay it over in a manner which ensures that it is no longer scheme money.

(2) Where scheme money is received by the depositary or trustee in the form of an automated transfer, the depositary or trustee shall ensure that—

- (a) where possible, the money is transferred into the relevant scheme money bank account; and

- (b) in the event that the money is transferred into the depositary's or trustee's own account the money is paid into the relevant scheme money bank account no later than the next business day after the transfer.

(3) Where a depositary or trustee receives a 'mixed remittance' (that is an aggregate sum of money which is in part scheme money and in part other money) it shall pay the full sum into the relevant scheme money bank account, but shall then ensure that, except to the extent that it represents fees and commission due to it, the other money is paid out of the account within one business day from the day on which the depositary or trustee would normally expect the remittance to be cleared.

(4) Where a depositary or trustee receives dividends overseas on behalf of licensed schemes, it may pay that money into any bank account operated by it, provided that the depositary or trustee ensures that that money is distributed to the schemes concerned, or paid into a separately designated bank account, within five business days after receipt.

72. Payment of money into trust bank account on instruction of Authority.

Where, in accordance with an instruction lawfully given by the Authority, an operator, depositary or trustee pays its own money into a separately designated bank account, the money shall be treated as scheme money for

the purposes of regulations 69 to 71, and this regulation.

73. Accounting records.

(1) A depositary or trustee shall keep accounting records which are sufficient to show and explain its transactions in respect of scheme money, and which shall in particular contain—

(a) entries from day to day of—

(i) all money which is paid into or out of any scheme money bank account;

(ii) receipts and payments of scheme money not passed through a scheme money bank account, identifying the persons to whom each such receipt and payment relates; and

(b) a record of the balances held on each scheme money bank account.

(2) The accounting records shall also show, in respect of each deposit into or withdrawal from a scheme money bank account—

(a) the name of the scheme concerned;

(b) the date; and

(c) the name of the person to whom, or in the case of a deposit, from whom the money was paid or transferred or, in the case of a deposit, received.

74. Nature of accounting records.

(1) Accounting records may be kept in a form other than a document or copy of a document, provided that the record can be reproduced in hard printed form.

(2) Where all the accounting records relating to any scheme are not kept together, each document or group of documents relating to it shall be accompanied by an indication that other accounting records relating to that scheme exist, and how access to them can be obtained.

(3) Subject to subregulation (4), a depositary or trustee may accept and rely on accounting records supplied by a third party so long as those

records are capable of being, and are, reconciled with records created by it.

(4) A depositary or trustee may delegate to a third party its obligations to keep accounting records under regulations 58 to 60 but the depositary or trustee is responsible for the accuracy of those records, and for their compliance with these Regulations as if the records had been prepared by it.

(5) Accounting records shall be kept in English.

75. Audit trail.

(1) Information required to be recorded shall be recorded in such a way as to enable a particular transaction to be identified at any time and traced through the accounting systems of the depositary or trustee.

(2) All accounting records shall be arranged, filed and indexed so as to permit prompt access to any particular records.

76. Retention of records.

(1) A depositary or trustee shall keep the records required by regulations 73 to 75 together with any working papers which are created to assist in the preparation of a reconciliation or other record for a period of seven years from the date on which they are made or prepared.

(2) During the first two of the seven years referred to in subregulation (1), records and working papers shall be kept either at a place where the depositary or trustee carries on business, or in such manner that they can be produced at such a place within 24 hours of their being requested.

77. Reconciliation of depositary's or trustee's records with approved bank's records.

(1) Subject to subregulation (2), a depositary or trustee shall—

(a) as often as necessary to ensure the accuracy of its records, and at least once in every five weeks, reconcile the balance on each CIS bank account (as recorded by the depositary or trustee) with the balance on that account (as set out on the statement or other form of confirmation issued by the approved bank), currency by currency;

(b) perform the reconciliation carried out in accordance with

paragraph (a) within ten business days after the date to which the reconciliation relates; and

- (c) correct any difference arising on the reconciliation as soon as possible, unless the difference arises solely as a result of timing differences between the accounting systems of the approved bank and of the depositary or trustee.

(2) Subregulation (1) does not apply to a depositary or trustee which is a bank to the extent that it holds trust money with itself and such a depositary or trustee shall—

- (a) as often as necessary to ensure the accuracy of its records, and at least once in every five weeks, ensure that the balance on each CIS bank account held by it properly reflects all sums of money paid into or out of that account as recorded in accordance with regulation 73; and

(b) shall correct any difference arising as soon as possible.

78. Failure to perform reconciliations.

(1) A depositary or trustee shall notify the Authority immediately where it is unable to perform the reconciliations required by regulation 77.

(2) Where a depositary or trustee is unable to resolve a difference arising from a reconciliation within the period allowed for the performance of the reconciliation under these Regulations, but one of the sets of records examined by the depositary or trustee during its performance of the reconciliation indicates that there might need to be a greater amount of money in the relevant scheme money bank account than is in fact the case, the depositary or trustee shall assume, until the matter is finally resolved, that that set of records is accurate and pay its own money into the relevant CIS bank account; and that money will thereafter be treated as scheme money (until any time at which the difference is resolved, when the money concerned will be repaid to the depositary or trustee).

79. Notification to Authority on default of approved bank.

A depositary or trustee shall notify the Authority as soon as it is aware of the default of any approved bank with which it has deposited scheme money.

80. Auditor's report.

(1) A depository or trustee shall cause such records as are required to be maintained by regulations 69 to 79 to be examined from time to time by its auditor.

(2) The auditor shall report to the Authority, in writing, in relation to the same periods in respect of which he or she is required to report on the depository's or Trustee's financial statements or, where the depository or trustee is not required to prepare such statements, in relation to periods of not more than twelve months—

- (a) whether or not, in his or her opinion, the depository or trustee has adequate systems to have enabled it to comply with regulations 69 to 79 throughout the period reported on;
- (b) whether or not, in his or her opinion, the depository or trustee was, at the conclusion of that period, in compliance with regulations 69 to 79; and
- (c) any breaches of the regulations which had come to his or her attention during the period (disregarding any trivial breaches).

81. Submission of Auditor's report.

A depository or trustee shall ensure that the audit report is complete and sent to the Authority within three months after the end of the period to which it relates.

PART IV—COMPLIANCE, REPORTING, RECORDS AND COMPLAINTS

Division A—Compliance, Inspections and Records

82. Compliance by officers and employees with regulatory system.

(1) A licensed person shall take reasonable steps, including the establishment and maintenance of procedures, to ensure that its officers and employees act in conformity with their own and their employer's relevant responsibilities under the regulatory system.

(2) The duty under subregulation (1) includes a duty to take

reasonable steps to ensure that its officers and employees are fit and proper persons to be engaged in the duties assigned to them.

Note: *Principle 9 of the CIS licensed person principles requires a licensed person to have adequate arrangements to ensure that its employees are suitable, adequately trained and properly supervised. These arrangements should cover recruitment procedures, including the vetting of applicants for employment and the taking-up of references.*

83. Appointment of compliance officer.

A licensed person shall ensure that its compliance procedures include the appointment of a compliance officer of appropriate status and experience.

84. Written statement of compliance procedures.

(1) A licensed person shall ensure that its compliance procedures are set out in writing, and that a copy of that part of the written compliance procedures relevant to the investment business carried on by a given office of the licensed person is kept at that office.

(2) Copies of the document shall be available to each officer and employee of the licensed person who is engaged in the licensed person's permitted business.

Note: *A licensed person may record its compliance procedures in more than one document, in order to tailor its compliance manual to the requirements of different offices or departments.*

85. Supervision of company representatives.

A licensed person shall establish and maintain procedures with a view to ensuring that each of its company representatives—

- (a) does not procure, endeavour to procure or advise anyone to enter into a transaction if the company representative is not competent to advise on that transaction or to assess its suitability for investors; and

(b) behaves in a reasonable manner when calling upon a customer.

86. Contracts of employment and contracts for services.

A licensed person shall—

(a) ensure that under its terms and conditions of service, or contracts for services, each of its employees who are engaged in its permitted business or in activities affecting that business, give the undertakings in regulation 87; and

(b) use all reasonable endeavours to ensure that all other persons who are engaged in its permitted business or in activities affecting that business give those undertakings.

Note: *The undertakings required to be given by employees and appointed representatives by regulation 87 may be contained in their contracts of employment or for services or in any other separate document.*

87. Undertakings required.

Each person referred to in regulation 86 shall individually or corporately, in so far as it is reasonable in that person's power, undertake to obey—

(a) these Regulations as if they were directly binding; and

(b) the licensed person's written compliance procedures.

88. Consequence of breach.

In the event of a breach of any of the terms and conditions of service or contracts for services referred to in regulation 86 which the Authority shall consider material, a licensed person shall take such steps as the authority may in writing request and as may be within the power of the licensed person, to enforce the relevant terms and conditions or contracts.

89. Written statement of representation.

Each licensed person shall provide the Authority, twice a year, (or more frequently if deemed necessary by the Authority) with a written statement of representation for the period since the previous statement (or, if none, since the licensed person became licensed) to a date determined by the Authority, being either the licensed person's mid-year point or, in special circumstances, an alternative date agreed with the Authority.

90. Form and contents of written statement of representation.

Statements of representation shall be in the form set out in, and provide the information required by Schedule 3.

91. Time limits for submission of written statement of representation.

The Authority shall receive the statement of representation not more than two months after the end of the period to which it relates.

92. Compliance by officers and employees with statutory restrictions on insider dealing.

A licensed person shall take reasonable steps, including the establishment and maintenance of procedures, to ensure that its officers and employees act in conformity with, where relevant, the requirements of the statutory restrictions on insider dealing.

93. Compliance by officers and employees with personal dealing arrangements.

A licensed person shall take reasonable steps, including the establishment and maintenance of procedures, to ensure that its officers and employees act in conformity with appropriate arrangements on propriety in personal dealings.

94. Prohibited dealings.

Each licensed person shall take reasonable steps to ensure that none of its officers or employees, either on his or her own account or on that of any connected person, effects any transaction—

- (a) in an investment at any time if he or she knows or should reasonably know that this would contravene section 88 of the Capital Markets Authority Act or regulation 24(2); or
- (b) if he or she knows or should know that to do so would involve

him or her in a conflict between his or her own interest or that of any connected person and that of any CIS customer or his duty to any CIS or CIS customer.

95. Notification of dealings.

Licensed persons shall take reasonable steps to ensure that its officers and employees inform the licensed person as soon as reasonably practicable after a transaction of the kind described in regulation 94(a) or (b) has been effected.

96. Disclosure of office or employment.

Each licensed person shall take reasonable steps to ensure that, if any of its officers or employees, either on his or her own account or on that of any connected person, with or through the agency of another licensed person, effects a transaction relating to an investment of a description in relation to which the licensed person carries on permitted business—

- (a) he or she informs that other licensed person that he or she is an officer or employee of the licensed person; and
- (b) he or she does not request or accept from that other licensed person any credit or special dealing facilities in connection with the transaction, unless the licensed person has given specific consent.

97. Record of consent.

Each licensed person shall make a record of each consent given under regulation 96.

98. Notification of transactions effected.

A licensed person shall ensure that, if any of its officers or employees effects a transaction in an investment of any description with or on behalf of a customer whom he or she knows to be an officer or employee of a person who carries on investment business in relation to investments of the same description, that person is informed of the transaction, its terms and the identity of the customer, unless the officer or employee has good reason to believe that that person has consented to the transaction being effected.

99. Observance by connected persons.

(1) A licensed person shall take reasonable steps to ensure that each of the licensed person's officers or employees, takes reasonable steps to ensure that when any connected person is acting on his or her own account, that person observes the requirements of regulations 93 to 98 as though they applied to that person.

(2) This regulation does not apply where the connected person is an officer or employee of another licensed person and acts on his or her own account in connection with a transaction in an investment of a description in relation to which that other licensed person carries on permitted business.

Note: *The term "connected person" is defined in regulation 2 to mean anyone connected with the officer or employee concerned by reason of a domestic or business relationship (other than as arises solely because that person is a CIS or non CIS customer of the licensed person), such that the officer or employee has influence over that person's judgment as to how to invest his or her property or exercise any rights attaching to his or her investments.*

Access and Inspections by the Authority

100. Access and inspections by Authority.

The Authority may inspect records required to be maintained by a licensed person.

101. Extension of regulation 100.

(1) The Authority is also entitled to conduct inspections into the conduct of the whole or any part of any licensed person's activities relating to or affecting a licensed person's permitted business.

(2) Any inspection carried out under regulation 100 or subregulation (1) may be conducted on any basis that the Authority considers appropriate.

Note: *"Inspection" is defined to mean "an Inspection of*

whatsoever kind” carried out under regulation 100 or 101. Therefore it may include routine Inspections on a pre-arranged basis and random spot checks.

102. Co-operation by licensed persons.

(1) Each licensed person shall co-operate to the fullest possible degree with any inspection.

(2) Without limiting the generality of the obligation under subregulation (1), a licensed person shall ensure that it and, to the extent that they are under its power or control, any persons who are its directors, officers, employees or company representatives, shall upon request—

- (a) make themselves readily available to any inspection team;
- (b) produce to any inspection team, any documents, files, computer data and other material in his or her or its possession, power or control that the team considers necessary for the performance of its duties;
- (c) give the inspection team access, at all times, to the licensed person’s premises and reasonable facilities in the premises (including access to any records, files or computer systems) as the inspection team may require;
- (d) permit the inspection team to copy documents or other material on the licensed person’s premises or elsewhere at the licensed person’s expense and to remove copies and hold them elsewhere;
- (e) answer truthfully, fully and promptly all questions put to them by any member of the inspection team; and
- (f) suspend recording entries until checks on the observance of these Regulations have been completed.

Records

103. Record keeping requirements.

A licensed person shall take reasonable steps, including the establishment and maintenance of procedures, to ensure that sufficient information about its regulated business is recorded and retained.

104. Records to be kept.

Each licensed person shall make a record of those events and matters which concern it as specified in these Regulations; and shall keep the records for the minimum period of retention of seven years even if this extends beyond the cessation of the licensed person's business.

Note: A licensed person may keep a record required under regulation 104 in any form, provided it is capable of reproduction in hard printed form within one business day.

105. Form of records.

The records referred to in regulation 104 shall be maintained in English.

106. Inspection of records relating exclusively to one CIS customer.

A licensed person shall allow a CIS customer to inspect, either personally or through an agent, any record of matters relating exclusively to him or her within seven days after receiving his or her request.

107. Inspection of other records.

If a licensed person's CIS customer asks to inspect any entries in its records which relate to transactions effected by the licensed person with or for him or her, but which are not exclusive to him or her, the licensed person may refuse and, if so, the licensed person must inform the customer that the customer has the right to inspect those entries if the Authority thinks it appropriate.

108. Destruction of records or files.

Without limiting any other obligation under these Regulations or under general law, a licensed person shall take all steps within its power to ensure that without the express consent in writing of the Authority, no record or file shall be amended or destroyed if it may be relevant to any matter which is currently the subject of an inspection, an investigation or any disciplinary or other process.

Note: *Licensed persons who keep their records on computer disk, tape or the like would be well advised to duplicate that material at regular intervals to avoid the risk of total loss through computer error, “wiping” or otherwise. Computer loss may be an extenuating circumstance but its occurrence cannot relieve a licensed person from the consequences of a failure to comply with these Regulations.*

109. Licensed persons not to employ disqualified persons.

A licensed person shall comply with its duty under section 42(6) of the Act (duty of care regarding employment of disqualified persons) to take reasonable care not to employ or continue to employ any person in contravention of a disqualification direction made under that section and shall ensure that its appointed representatives do likewise.

Note: *If a licensed person has any reason to suspect that an employee or potential employee may be subject to a disqualification direction, it may inquire from the Authority whether this is the case.*

Division B—Notifications

110. Clearance events.

This regulation applies to any event designated as a clearance event in Part I of Schedule 4.

111. Requirement for notification.

Subject to regulation 113, notification of a clearance event containing the information specified in Part II of Schedule 4 shall be made, in such form as may be prescribed by the Authority, before such an event occurs.

112. Clearance procedure: the waiting period and stop notices.

Upon notification of a clearance event, the Authority shall either—

- (a) inform the licensed person in writing within the waiting period that it has no objection, and the licensed person may allow the event to occur;

- (b) seek further information from the licensed person or from a third party in writing and, in respect of a clearance event designated in paragraph 1 and 2 of Part I of Schedule 4, extend the waiting period, and if deemed necessary re-extend it, for such time as the Authority may reasonably require to obtain and consider that information; or
- (c) issue a stop notice to the licensed person requiring that the event shall not occur.

113. Clearance event not in licensed person’s control.

(1) If the occurrence of a clearance event falling within paragraphs 1 and 2 of Part I of Schedule 4 is not in the licensed person’s control, the licensed person shall nevertheless take all reasonable steps to prevent the event occurring before the Authority has made a determination, or the waiting period has elapsed.

(2) In respect of a clearance event falling within paragraphs 1 and 2 of Part I of Schedule 4, where the event is occasioned by circumstances beyond the licensed person’s control, the licensed person shall notify the Authority, as soon as practicable, either before or after the event occurs.

114. Expiry of waiting period.

In relation to a clearance event falling within paragraphs 1 and 2 of Part I of Schedule 4, if upon the expiry of the waiting period, including any extension the Authority has neither indicated assent nor issued a stop notice, the licensed person may let the event occur.

115. Stop notice: effect on licence.

(1) Upon receipt of a stop notice, the licensed person may require the Authority to treat the notification of the clearance event as if it were an application for licensing on the basis of the circumstances that would prevail if the event were to take place and the provisions of the licensing procedures will then apply.

(2) If the event, not being in the licensed person's control, has occurred before the licensed person has made a determination, a stop notice shall have effect as a notice that the scheme licence will be reconsidered as if an application had been made on the basis of the new circumstances and all of the provisions of the licensing procedures shall apply.

Note: *Deliberate breach of a stop notice would bring into question the licensed person's fitness and properness.*

Notifications Required to be Made to the Authority

116. Notifiable events.

A licensed person shall notify the Authority in writing of any event or circumstance designated as a notifiable event in Part II of Schedule 4.

117. Form, contents and time limits.

The notification referred to in regulation 116 shall be made within the time and contain the particulars specified in Part II of Schedule 4 and shall be in such form as may be prescribed by the Authority.

118. Annual notification of controllers.

A licensed person shall, at intervals of no more than one year, notify the Authority in writing of the name of each person who, to the knowledge of the licensed person, is a controller of the licensed person at the date of such notification, specifying to the best of the licensed person's knowledge in relation to each such person—

- (a) what percentage of the shares in the licensed person, or another body corporate of which the licensed person is a subsidiary, he or she holds, directly or indirectly, whether alone or with any associate or associates; and
- (b) what percentage of the voting power he or she is entitled to, directly or indirectly, and whether alone or with any associate or associates, to exercise or control the exercise of, at any general meeting of the licensed person, or another body corporate of which the licensed person is a subsidiary.

Note: *Licensed persons should note that this notification shall be made as part of the statement of representation.*

Division C—Complaints

119. Complaints procedure: general.

A licensed person shall operate a complaints procedure to investigate and, where appropriate, provide remedies in relation to complaints.

120. Contents of significant complaints procedure.

In relation to any significant complaint, the procedure described in regulation 119 shall contain at least these provisions—

- (a) the complaint shall be considered by an officer or employee of suitable seniority who was not concerned in the matter or, where this is not possible, by another person of appropriate standing who is not an officer or employee of the licensed person or the appointed representative, and a substantive reply shall be sent promptly;
- (b) where a complainant has received a substantive reply and does not within one month of its being despatched indicate that he or she is not satisfied, the complaint may be treated as settled on the terms of that reply, provided that the reply, included a notification to the complainant that his or her complaint would be so treated in the circumstances;
- (c) if, two months after the complaint has been received it has not been settled to the satisfaction of the complainant, the licensed person shall—
 - (i) give notice to the Authority of the details of the complaint and of the action taken in response to it; and
 - (ii) inform the complainant that the Authority has been so notified and give him or her the date of the notice;
- (d) the first substantive reply to the complaint, unless it offers a settlement reasonably expected to be acceptable to the

complainant, shall advise the complainant that he or she has a right to complain directly to the Authority;

- (e) where the complainant, having received a substantive reply as described in paragraph (d), indicates dissatisfaction, the next response shall, unless this has already been done in connection with the complaint in question, advise the complainant that he or she has a right to complain directly to the Authority;
- (f) where the licensed person gives notice to the Authority of a complaint, as described in paragraph (c), the licensed person shall, when the complaint has been settled to the satisfaction of the complainant, give notice to the Authority of the terms of the settlement;
- (g) a full record of each significant complaint and of the action taken in respect to it shall be kept by the licensed person for three years after the date of the last response.

121. Returns to Authority.

A licensed person shall submit to the Authority, as part of its statement of representation, a return of all significant complaints which have been received and those which have been settled during the period covered by that statement or, if there have been none in either category, confirming that fact.

122. Co-operation with Authority.

Without limiting its other obligations under this Part, each licensed person shall co-operate with the Authority in any investigation of any complaint, and in particular, shall, upon request, inform the Authority of any similar complaint within the preceding year from any complainant or of any complaint from the same complainant within that period.

Explanation: *In responding to a request from the Authority under this regulation, a licensed person which conducts its business through branches may provide the Authority with information about previous complaints which relate to the*

experience of the relevant branch rather than to the licensed person's whole business unless, on consideration, the Authority requests wider information.

123. Authority's investigation.

Where—

- (a) a complaint is referred to the Authority;
- (b) the Authority investigates that complaint; and
- (c) a licensed person shall co-operate with the Authority in its investigation.

Division D—Controls and Systems Rules

124. Adequacy of controls and systems.

A licensed person shall, for the purpose of compliance with this Part, ensure that its internal controls and systems are adequate for the size, nature and complexity of its activities.

125. Proper discharge of duties.

Systems of control shall be such as to enable the licensed person to discharge properly the duties imposed on it by this Part.

126. Validity of system.

No system of control will be treated as established or maintained unless there is kept available an adequate statement, in writing, of the system of control which is in operation for the time being.

127. Use of Permitted Third Party (PTP).

Where functions are delegated to a PTP by a licensed person, regulations 124 to 126 apply in relation to controls and systems, as if the functions delegated to a PTP are carried out by the licensed person itself.

SCHEDULES.
SCHEDULE 1

Regulations 2 and 3

CIS LICENSED PERSON PRINCIPLES

(Issued by the Authority under section 32(1) of the Act)

These principles apply to the Authorised Corporate Director of an investment company with variable capital, a unit trust manager of a unit trust scheme, a trustee, depositary and custodian.

1. Integrity.

A licensed person shall observe high standards of integrity and fair dealing.

2. Skill, care and diligence.

A licensed person shall act with due care, skill and diligence.

3. Market practice.

A licensed person shall observe high standards of market conduct. It shall also, to the extent endorsed for the purposes of this principle, comply with any code or standard as in force from time to time and as it applies to the licensed person either according to its terms or by rulings made under it.

4. Information about customers.

A licensed person shall seek from existing and potential CIS customers it advises, any information about their circumstances and investment objectives which might reasonably be expected to be relevant in enabling it to fulfil its responsibilities to them.

5. Information for customers.

A licensed person shall take reasonable steps to give an existing or potential CIS customer it advises, in a comprehensible and timely way, any information needed to enable him or her to make a balanced and informed decision.

A licensed person shall similarly be ready to provide a customer with a full and fair account of the fulfilment of its responsibilities to him or her.

6. Conflicts of interest.

A licensed person shall either avoid any conflict of interest arising or, where conflicts arise, shall ensure fair treatment to all its customers by disclosure, internal rules of confidentiality, declining to act, or otherwise. A licensed person shall not unfairly place its interests above those of its customers and, where a properly informed customer would reasonably expect that the licensed person would place his or her interests above its own, the licensed person shall live up to that expectation.

7. Customer assets.

Where a licensed person has control of or is otherwise responsible for assets belonging to a CIS or CIS customer which it is required to safeguard, it shall arrange proper protection for them, by way of segregation and identification of those assets or otherwise, in accordance with the responsibility it has accepted.

8. Financial resources.

A licensed person shall ensure that it maintains adequate financial resources to meet its investment business commitments, and to withstand the risks to which its business is subject.

Clarity of purpose

9. Internal organisation.

A licensed person shall organise and control its internal affairs in a responsible manner, keeping proper records, and in relation to the employment of its staff and where it is responsible for the conduct of investment business by others, shall have adequate arrangements to ensure that they are suitable, adequately trained and properly supervised and that it has well-defined compliance procedures.

Clarity of subject

Avoidance of misleading statements, promises or forecasts

10. Relations with the Authority.

A licensed person shall deal with the Authority in an open and cooperative manner, and shall keep the Authority promptly informed of anything concerning the licensed person which might reasonably be expected to be disclosed to it.

Verification of statements of fact

Statements of opinion

SCHEDULE 2

Regulations 2 and 6

CIS ADVERTISING CODE

(Issued under section 34(1) of the Act)

Disclosure of capacity 2.

Disclosure of
material
interest and
conflict of
interest

3. This code describes the standards set by the Authority for determining whether a CIS advertisement meets the requirements of regulation 6.

GENERAL REQUIREMENTS

1. To follow the code, a licensed person shall—
 - (a) make it plain that the advertisement contains promotional material and has a promotional purpose and shall make the advertisement distinct from any other matter contained in the medium which carries it;
 - (b) describe clearly the nature of the CIS investment or the CIS services to which the advertisement relates;
 - (c) take all reasonable steps to ensure that any statement, promise or forecast to be included or approved is not misleading in form or context;
 - (d) have formed a reasonable belief (on the basis of evidence of which a record is kept or to which access may be obtained)—
 - (i) that any statement relevant to the product or services being advertised and purporting to be a statement of fact is true; and
 - (ii) that the statement will remain true during the currency of the advertisement;
 - (e) take all reasonable steps to ensure that the person giving any statement of opinion is of that opinion at the time when the advertisement is issued or approved.

If the licensed person or an associate is a market maker in any investment being advertised, state that fact.

If, in relation to the investment or investment services which are the subject of the advertisement, the licensed person has directly or indirectly a material interest (except for an interest

arising solely from the mere participation of the licensed person as agent for the customer) or a relationship of any description with another party which may involve a conflict with the licensed person's duty to the customer, state that fact and disclose the nature of the interest or relationship.

Promotions
not
to be
disguised

Note: *An example of a material interest is where a licensed person or an associate has a long or short position in an investment which is not a readily realisable investment and the licensed person is recommending recipients to buy or, as the case may be, sell that investment.*

GENERAL PROHIBITIONS

4. To follow the code a licensed person shall not—

Synopsis or selection

Information about past performance of investments or of an investment manager

- (a) issue an advertisement with the intention of persuading anyone who responds to it to transact or offer to transact business of a kind not described in the advertisement;
- (b) claim or suggest independence of itself or any of its associates in giving advice, making recommendations or exercising discretion, unless such claim or suggestion may properly be made;
- (c) state or imply that the CIS investment or CIS services being advertised or any other matter in the advertisement has been approved by the Authority or any governmental or other public regulatory body unless—
 - (i) the approval has been given in writing; or
 - (ii) the advertisement is issued by or on behalf of the Government;
- (d) disguise the significance of any statement, warning or other matter required by the advertising rules to be included in an advertisement either through relative lack of prominence or by the inclusion of matter likely to detract from it;
- (e) omit any matters the omission of which causes the CIS advertisement to be unclear, unfair or misleading;
- (f) include any statement indicating the scale of the activities or the extent of the resources of the advertiser which implies that the resources available to support performance of its obligations are greater than they are;
- (g) if the advertisement does not relate to regulated business, include any matter referring to the Authority.

6.

Comparisons with unregulated collective investment schemes

SPECIFIC REQUIREMENTS

- 5. Where an advertisement contains any of the items listed in the

Past performance

column below, in order to follow the code a licensed person shall—

- (a) state enough of the relevant features to give a fair view of the CIS agreement being advertised, including the financial commitments and risks involved, and state how full details may be obtained;
- (b) include information about past performance only if—

Forecasts or illustrations

- (i) it is relevant to the performance of the CIS agreement or CIS investment services or investment management services advertised;
- (ii) it is complete, or is a fair and not misleading representation of the past performance of the CIS investment or investment management services;
- (iii) it has not been selected so as to exaggerate (or disguise) the success (or lack of success) of the CIS investment or investment management services over the period to which the information relates;
- (iv) the source of the information is stated and the advertisement contains a warning that the past is not necessarily a guide to future performance;
- (v) where a standard is used for comparison of performance, the same standard will be applied in relation to subsequent performance comparison; and
- (vi) the period which is selected as illustrating past performance is a period of not less than three years or such other period as the Authority may allow.

Information about taxation

A licensed person shall—

- (a) not include any comparison or contrast of the performance or the likely performance of an investment in units or shares in a regulated Collective investment scheme with an investment in an unregulated Collective investment scheme;
- (b) not include any information about past performance of CIS investment services unless the advertisement includes year

on year discrete information relating to the performance of the investment during the period of 3 years, or if it has been in existence for less than 3 years, for the period during which it has been in existence, ending three months before the date of issue of the advertisement;

- (c) not include a forecast or illustration of the realisable value of a CIS investment service or an investment product concerned, except in accordance with the requirements prescribed by the Capital Markets Authority.

Note: *It is recommended that disclosure of cost of investment in a collective investment scheme should not be based on forecasts but only on a factual statement of the total expense ratio as established by the most recent audited accounts.*

- (d) if any reference is made to taxation—

- (i) include a warning that the levels and bases of, and reliefs from, taxation can change;
- (ii) where a matter is based upon an assumed rate of taxation, state that rate;
- (iii) (a) state that any tax reliefs referred to are those currently available and that their value depends on the individual circumstances of the investor; and
(b) make it clear whether any tax reliefs (or freedom from taxation) referred to in the advertisement apply directly to the investor, to the provider of the investment or to the fund in which the investor participates or, if such is the case, to more than one of them;
- (iv) state whether the matters referred to are only relevant to a particular class or classes of investor with particular tax liabilities and identify the class or classes and liabilities concerned;
- (v) does not describe the CIS services as being free from any liability to capital gains tax unless equal

prominence is given to a statement, if applicable, that the value of the investment is linked to a fund which is liable to that tax; and

- (vi) do not describe the income from the CIS services as being free from any liability to income tax unless equal prominence is given to a statement, if applicable, that the income is payable out of a fund which is liable to that tax.

SPECIFIC REQUIREMENTS

7. Where an advertisement is of a kind described, or contains any of

the items listed in the left-hand column below, in order to follow the code, a licensed person shall not—

CIS investment services which can fluctuate in values (a) claim or imply limited availability of CIS services (e.g. limited quantity, limited period of offer, or special terms for a limited period) unless justified;

Income from CIS investment services quote from a testimonial or commendation unless the quotation is—

- (i) complete, or a fair representation of the whole;
- (ii) accurate and not misleading at the time when the advertisement is issued; and
- (iii) relevant to the CIS investment services or services advertised;

CIS Investment services involving exposure to a foreign currency and the author has given his or her consent to the advertisement and, if he or she is an employee, officer or associate of the licensed person, the advertisement says so;

Advertising of so-called "High Income" products (b) include any comparison or contrast, for example with other investments, expenditure, assets, services or indices, unless it is fair and the licensed person shall not omit factors which are likely to be relevant to an appreciation of the comparison or contrast;

(c) include any matter referring—

- (i) to the Authority, except in relation to the permitted business of a licensed person on whose behalf the appointed representative is acting; or
- (ii) to the fact that the advertiser is connected with a licensed person if the advertisement is not in respect of the permitted business of that licensed person;

or state that the appointed representative is an authorised person;

(d) describe any CIS investment services or investment as guaranteed, unless there is a legally enforceable arrangement with a third party who undertakes to meet in full an investor's claim under the guarantee.

RISK WARNINGS

8. In order to follow the code, a licensed person shall give the following risk warnings, where applicable—

- (a) for CIS investment services which can fluctuate in value, a statement should warn that values may fall as well as rise and that the investor may not get back the amount he or she has invested;
- (b) for CIS investment services described as being likely to yield a high income or as suitable for an investor particularly seeking income from his or her investment, the investor should be warned, if it is the case, that income from the CIS investment service may fluctuate in value in money terms;
- (c) for a CIS investment services involving exposure to a currency other than that in which acquisitions of the CIS investment services are invited, the investor should be warned that changes in rates of exchange may cause the value of the CIS investment services to go up or down;
- (d) where a licensed person issues or approves a CIS advertisement which offers "high income", it should ensure that—
 - (i) the use of the term "income", either in the name of the product or to describe payments to investors, is not misleading in form or context; if "income" payments to investors constitute a return of capital either in whole or in part, this shall be made clear, a licensed person shall bear in mind what investors are likely to understand by the term; where "income" payments do not represent a distribution of interest, and/or dividend or other earnings, this shall be explained clearly and prominently at an early point in the advertisement;
 - (ii) the advertisement makes clear, if it is the case, the extent to which the forecast rate of "income" will be achieved by foregoing the potential for future capital growth; any claim that the risk of capital depreciation is limited should be balanced by an explanation of any limitation on the potential for capital recovery;
 - (iii) all the risks to an investor's capital, or to maintenance

Government
and other
public
securities

Charges
deducted
from capital

of "income" payments at the advertised rate are fully explained, having regard to the particular nature of the product;

- (iv) any comparison of the product the subject of the advertisement either directly or indirectly with bank and building society deposits or other investment and deposit-based savings vehicles is not made unless its distinguishing features and attendant risks are adequately explained;
 - (v) the use, size and prominence afforded to the description of the "income" payments, together with any associated graphics or figures is not such as to distract from the salient features of the product and the nature of the risks involved; in particular, the advertised rate of income shall not be presented in such a way as to imply that it is "guaranteed" or "certain" where this is not the case; and if the relevant risk factors are not placed alongside or immediately after the advertised rate of "income", prominent signposting should be provided indicating where they may be found, and all the risk factors should appear with sufficient prominence relative to other text to ensure that the significance of the risks is not disguised;
- (e) that more than 35% of the property of a regulated Collective Investment Scheme (at the time when the advertisement is prepared for issue) consists, or is likely to consist, of Government and other public securities issued by one issuer, together with the identity of that issuer;
- (f) in relation to units in a regulated Collective Investment Scheme, a statement—
- (i) explaining that the objective of the scheme is to maximise distributable income, or to place an equal emphasis on the generation of income and on capital growth, and to this end, all or part of the manager's or ACD's periodic charge will be taken out of capital: the likely effect of this should also be explained, in particular how capital may be eroded or future growth constrained; and
 - (ii) where a gross distribution yield is quoted showing the

level, or maximum level, of the manager's or ACD's periodic charge which may be charged to capital, explaining that the distributable income is increased by that amount and that the capital will therefore be reduced by a similar amount: reference shall also be made to the fact that when compared with a fund which charges expenses to income, the increase in income will result in some increased income tax liability for unitholders and shareholders and, where applicable, a reduction in liability for capital gains tax.

STATEMENT OF REPRESENTATION

NOTES FOR COMPLETION OF THIS STATEMENT

- 1 Business 1. Licensed persons are required to submit a statement of representation twice a year at six monthly intervals for the period since the previous statement (in the case of new grant of their licence, since the date of grant of their licence). The Authority may determine that a statement of representation should be submitted more frequently where it deems this necessary.
- 3 Compliance
- 3A Compliance procedures 2. To reflect the fact that responsibility for compliance is primarily that of the licensed person's board (or equivalent), the answers to the questions shall be approved by the Board (or equivalent). Where, exceptionally, the licensed person considers that full board approval would not be appropriate, it may seek permission from the Authority for statements of representation to be approved by a sub-committee of the Board.
- 3B Compliance monitoring 3. The statement, after approval, shall be signed by both the licensed person's chief executive and compliance officer and submitted to the Authority within a maximum of two months after the end of the reporting period.
4. Where the answer to a question calls for further details or other information, this shall be submitted on separate typed sheets.
5. Words used in the statement have the same meaning as in regulation 2 of these Regulations.

GUIDANCE NOTES

- | | | |
|-----------------------------|------|--|
| 3C Records of compliance | 1.1 | Each of the CIS principles shall be considered in relation to the licensed person's business before answering this question. The Authority needs to be informed of any areas where it is felt that there may have been a departure from the principles and of the action taken to remedy the position. |
| 4B Customers' assets | 3A.2 | Where the answer to this question is NO, the details supplied should clearly identify the areas where the procedures are not considered fully effective and the steps taken to remedy the situation. |
| 5 Notification requirements | 3A.3 | If the answer to this question is NO, the instances where the compliance procedures have not been observed shall be identified and details given of the action taken and of the results of such action. |
| 6 Other regulatory action | 3B.1 | In answering this question, licensed persons shall determine whether their compliance monitoring procedures include as a minimum— <ul style="list-style-type: none">(a) Review of continued adequacy of written procedures;(b) Review of appropriateness of training material so far as it relates to compliance requirements;(c) Test checks on documentation;(d) Review of customer complaints, their follow-up and arrangements for handling complaints;(e) Review of arrangements in respect of CIS customers money and scheme money to ensure that they are in accordance with principle 7 and these Regulations;(f) Review of the records maintained by the firm as required by these Regulations; and(g) Review of the steps taken to ensure that advice to |

CIS customers and execution of transactions with or for them are in accordance with principles 1 to 6 and these Regulations.

Where the answer to this question is NO, the details supplied should clearly identify the areas where it is considered that monitoring procedures are inadequate and the steps taken to remedy the situation.

- 3C.2 The details to be supplied in answer to this question should include information on occurrences which have resulted in losses to CIS customers or in CIS customers being otherwise disadvantaged.
- 4B.1 In answering questions 4B.1 and 4B.2, firms should have particular regard to the need for adequate systems and controls to be able to carry out reconciliations of customer assets.
- 5.1 Details should be supplied with the statement of representation to fulfil the requirements of regulation 118 (annual notification of controllers).
- 6.1 The Authority expects to be informed by a licensed person where there has been any regulatory action, otherwise than by the Authority, of the nature described in the question either affecting the licensed person or any group company (see regulation 2). A copy of any report or other document relating to such action shall be supplied to the Authority.
